

How to
save your
digital
liability card
to your
phone

Before you can access the mobile app, you'll need to reset your Cheep Insurance password via our online portal

(we know this is super annoying - so we're working to change this functionality for you!)

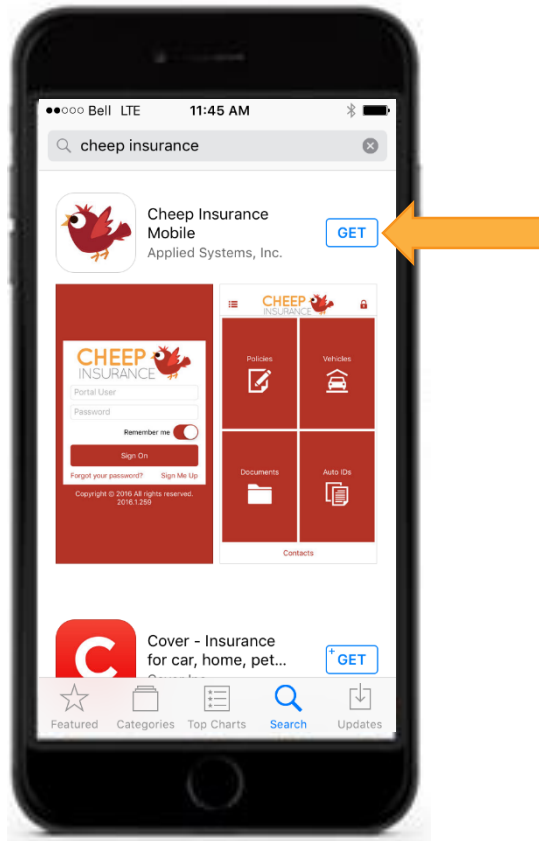

Resetting your Password:

1. Visit our [online portal](#)
2. Login using the credentials provided in your welcome aboard email
3. If you don't have that email anymore, your login credentials should be:
 - Username: *your email address*
 - Password: *Charlie*
4. As soon as you login, you'll be prompted to reset your password
5. You can now use your email address and this new password to login to the mobile app and access your digital liability card

If you've already done this,
skip ahead to the next page
for instructions for
downloading our mobile app
& saving your digital liability
card to your phone

1.

Search for “Cheep Insurance” in the App Store or Google Play. Our mobile app, “Cheep Insurance Mobile” should be the first option to come up. Download the app.

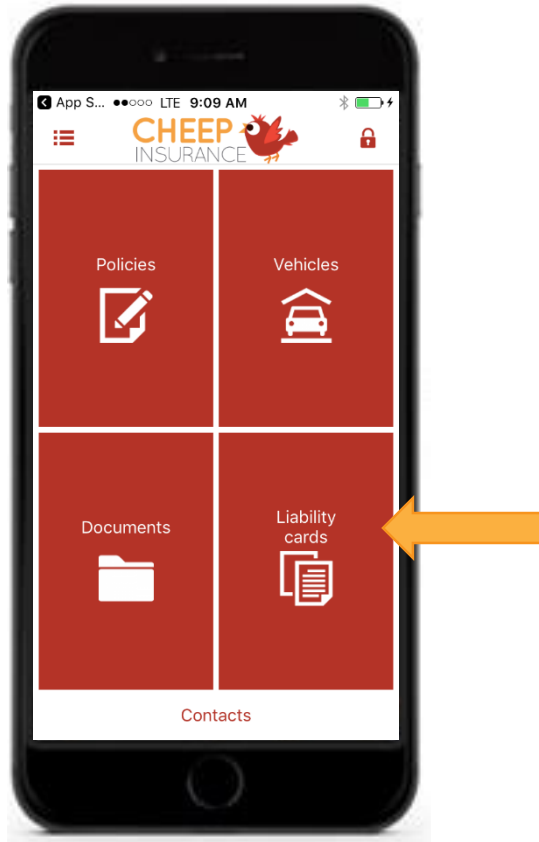

2.

Open the app on your phone and login using your credentials. *(If you don't know what your credentials are, go back a page).*

3.

Select the “Liability cards” option from the homescreen of the app.

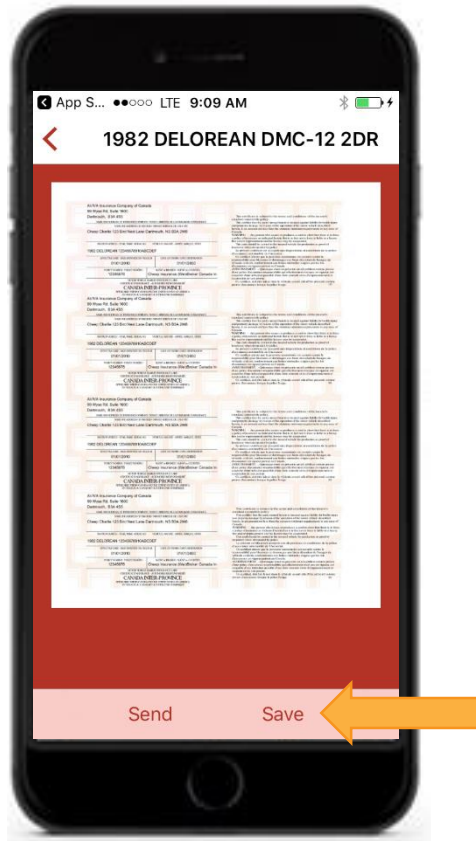

4.

Select the vehicle for which you'd like to save a liability card to your phone.

5.

Your liability card will open on your screen – you can then save a version to your phone. (If you want to save cards for more than one vehicle, you'll need to do this for each.)

You can also zoom in for easier viewing of your policy information.

Note: We're working on optimizing how cards display on mobile!

6.

Once you've saved your liability card to your phone, you can access it quickly from the login screen of the app without having to login or waste precious data.

7.

All of the liability cards you've saved to your phone will be accessible in a list of "Saved liability cards" so you can select and view them quickly.

Cheep Charlie and his feathered friends thank you for going digital and saving the trees!
